

Take a BMPy ride with us!

✦ A self-driving conservation tour ✦

8/26/20 FROM 10:30 AM-1:00 PM

TO REGISTER: [HTTPS://BMPYRIDETOUR.EVENTBRITE.COM](https://bmpyridetour.eventbrite.com)

Beginning at Illinois City Hall parking lot this free guided self-driving tour will expose you to the various Best Management Practices (BMPs) currently at work in Copperas Creek Watershed. We would like to highlight some of these practices and help other landowners understand how conservation can be integrated into any farm.

There will be multiple stops and viewing opportunities. Ending at the Reynolds American Legion Pavilion, a box lunch will be provided at that time in to all participants who finish the tour.

FEATURING:

Dry Dam & Waterway

Streambank Stabilization

Bioreactor

Pollinator Habitat

Saturated Buffer

Warning: The tour will include driving on gravel and rural roads and some walking may be involved on rough and uneven terrain.
